

197 found. The document therefore fails the second test. Now we'll see if we can edit
198 text in the document. We can't even highlight text so that it can be edited. The
199 document therefore fails the third test. We can say with 100-percent certainty that
200 the document was not put through OCR software.

201 [20:17] "If the use of Optical Character Recognition Software isn't responsible for
202 the many anomalies in Barack Obama's long-form birth certificate, what about
203 "Optimization"? We'll explore this theory in our next video."

204 **= VIDEO 3 END =**

205 **MIKE ZULLO** [20:34]: With OCR software off the table, this is where this
206 investigation really started to turn for us. We were having difficulty reproducing
207 anomalies in the file released by the White House. This really started to become a
208 problem for us. We knew at that point that this document was most likely
209 manufactured.

210 [20:55]: The next excuse that was given up supporting the authenticity of the
211 document was "Optimization". Optimization in a nutshell is just compressing the file,
212 and certain anomalies happen there. We ran optimization tests on the file from the
213 White House on the 27th.

214 **= VIDEO 4 START =**

215 [21:15]: "Optimized is a fancy way of saying that a file has been drastically
216 reduced in size. So was there a good reason for optimizing Barack Obama's birth
217 certificate before posting it on the Internet? Given the anticipated number of
218 downloads, yes, a smaller file would be beneficial.

219 [21:35] "Now for the big question – Can optimization explain the many anomalies in
220 Barack Obama's birth certificate? In order to find out, we'll once again perform a
221 little experiment. You'll recall that we took Barack Obama's birth certificate,
222 removed the green background, then photocopied it onto green basket-weave safety
223 paper. Next we scanned it into a computer. This time we also optimized the
224 document. We'll now begin a series of comparisons between the control document

225 and the one released by the White House.

226 [22:12] "Let's start with a look at 'layers'. Optimization produced 45 layers in our
227 control document which is to be expected with a document of this complexity. The
228 document released by the White House had only 9 layers.

229 [22:30] "Now let's look at the green safety paper background. As we look at this
230 sped-up version of the layers in our control document being turned on, you'll note
231 that the green background layer is divided over many, many layers. This is to be
232 expected as a result of the optimization process. The birth certificate released by
233 the White House has 100-percent of the the green background on the 9th and final
234 layer. As you have seen by looking at the control document, this is not an expected
235 result of optimization and implies strongly that the green background layer was
236 created on a computer and inserted behind the other layers as the last step in the
237 computerized document creation process.

238 [23:25] "And now we'll look at the Registrar's Stamp and the Date Stamp. The Date
239 and the Registrar's Stamp are contained in part on layer 1. I'll lift layer 1 off the
240 document so you can see. There you go, part of the Date Stamp, part of the
241 Registrar's Stamp. Now the Date Stamp is also contained in part on layer 7 and on
242 layer 27. The Registrar's Stamp, in addition to being contained on layer 1, is also
243 contained on layer 6. Note that both stamps took some of the green background
244 with them. Suffice it to say that the Date Stamp and the Registrar's Stamp, in a
245 document that has been optimized, cannot be moved around the document in one
246 piece at will.

247 [24:18] "Now let's look at the Certificate of Live Birth released by the White House.
248 As you can see both the Date Stamp and the Registrar's Stamp can be moved
249 anywhere you want in one piece -- no green background going with it -- lifted
250 cleanly off the document. As we know from our previous example this is not caused
251 by optimization.

252 [24:44] "Now let's look at the 'white halo issue'. As we look at our control document
253 we can see that there is no white halo effect caused by optimization. Even as we
254 zoom in and look closely between the letters we can see that the white halo effect

255 does not exist, and therefore cannot be blamed on optimization. As we zoom in on
256 the document released by the White House we can see the white halo effect
257 throughout the document. And while we do not know what caused this white halo
258 effect, we can state with confidence that it was not caused by optimization.

259 [25:24] "There are numerous ways a white halo effect can be manufactured within
260 Adobe Photoshop. The exact way that this particular effect was manufactured is not
261 important. All that is important is to note that when you scan a document into a
262 computer and optimize it a white halo effect is not produced.

263 [25:42] "In conclusion we can state that while optimization can result in a layered
264 document, the layers found in Barack Obama's long form birth certificate are very
265 dissimilar to what we'd expect as a result of the optimization process.

266 [25:59] "In short, optimization doesn't explain a single anomaly in Barack Obama's
267 long form birth certificate. Not a single one."

268 = VIDEO 4 END =

269 **MIKE ZULLO** [26:11] : In looking at that video, you'll see that on Mr. Obama's birth
270 certificate, there are approximately 8 or 9 links and layers. Links and layers are
271 indicative of a document being built, like you would on those transparencies from
272 years ago when you start laying them one on top of the other, and you start to build
273 a picture. That's what that's indicative of. Running it through software for
274 optimization or OCR, you get anywhere from 45 to 150 links and layers, all bits and
275 pieces. Mr. Obama's is down to about 8 or 9, give or take, on either side. That's an
276 indication of human logic was involved in putting that document together. A
277 computer will not randomly do what it does on Mr. Obama's certificate.

278
279 [27:00] The other thing I want you to pay a little close attention to -- I believe this
280 is the conclusion video coming up -- the Registrar's Stamp and Date Stamp. At this
281 point when we realized that you could pick up that stamp and move it and leave a
282 white background basically outlining all the letters, indicated to us that the green
283 safety paper was the last thing applied to the document. In order to get that effect
284 the green safety paper would have had to have been applied by a computer -- in

285 other words, taking a little swatch and replicating it all over the document. During
286 that process, that green safety paper doesn't fill in where other fonts are. It only fills
287 in blank spots. That tells us that whoever did this put the green safety paper on that
288 document last. If you go back to our video in the beginning, it should have been
289 there right on the onset, and it wasn't.

290 [27:56] The next video I'm going to show you is the conclusion. It is a little lengthy,
291 but we did it for a purpose. These videos are designed -- you're going to have to
292 watch them a couple times -- this last video will bring it together on the birth
293 certificate. Then I want to move into two other issues, and I won't take up any more
294 of your time.

295 **= VIDEO 5 START =**

296 [28:17] "Over the last 10 months there have been numerous attempts to defend the
297 authenticity of Barack Obama's long form birth certificate by offering up speculation
298 and conjecture. Unlike those who defend the authenticity of the document, we
299 were not willing to merely speculate or engage in conjecture. Instead we created
300 our own control document and scanned it into a computer.

301 [28:48] "Many have falsely claimed that optical character recognition software was
302 applied to Barack Obama's long form birth certificate in an attempt to explain away
303 the document's many problems. You'll recall that because fonts were not recognized
304 in the document, and text could not be successfully searched for or edited in the
305 document, we concluded with 100-percent certainty that OCR software had not been
306 applied to Barack Obama's long form birth certificate. Now we'll apply character
307 recognition software to Barack Obama's long form birth certificate. Once we are
308 done will will apply the same 3-point test to Barack Obama's birth certificate. This
309 time we should see drastically different results.

310 [29:48] "First we'll look under the properties tab to see if fonts were recognized. ..
311 As you can see, they were.

312 [29:56] "Next we'll see if we can search for a word in the body of the text. We'll
313 choose the word 'live' since we know that it's there. .. And as you can see, the

314 word was quickly found.

315 [30:05] "Now we'll see if we can edit the word that we found. .. As you can see,
316 once a document has had OCR software applied to it, you can edit text with ease.

317 [30:26] "Many have also incorrectly suggested that optimization is the panacea for
318 all that ails the long form birth certificate. But optimization produces layers very
319 different from the layers found in the long form birth certificate released by Obama.
320 The document released by the White House had only 9 layers. Our control document
321 had 45 layers after being optimized.

322 [31:01] "All attempts to replicate the layering effect through optimization on the
323 long form birth certificate or a document of similar complexity have resulted in
324 considerably more than 9 layers. In instances where a low number of layers has
325 been produced the documents being optimized have typically been rather simple in
326 nature, as when author John Woodman used a page from Little Red Riding Hood.

327 [31:28] "In addition to the number of layers being different between the long form
328 birth certificate released by the White House and the control document, there is
329 another very important difference regarding the layers. As we turn on all 45 layers
330 of our control document you'll note that there seems to be no rhyme or reason to
331 the organization. Contrast this if you will with the long form birth certificate released
332 by the White House, where layers 4, 5, 6 and 7 all deal exclusively with stamp
333 information. Are we to believe that this the result of a randomized computer
334 operation process?

335 [32:11] "The fact that the Registrar's Stamp and the April 25th Date Stamp appear
336 separately and independently of each other on separate links drew our attention to
337 the fact that they resided on separate independent layers. The fact that the Date
338 and Registrar's stamp were linked and layered in this fashion brings us to the
339 conclusion that they were brought in from unknown sources and placed in the long
340 form birth certificate document released by Barack Obama to give the appearance of
341 legal certification.

342 [32:40] "Also troubling about the April 25th stamp and the Registrar's Stamp is the

343 fact that both stamps can be lifted cleanly off the document and moved about the
344 birth certificate in one solid piece. It should be noted that none of the self-
345 proclaimed computer experts claiming to be able to replicate the layers in Obama's
346 long form birth certificate has been able to replicate this effect with the April 25th
347 Date Stamp and the Registrar's stamp.

348 [33:10] "This document is far too problematic to discuss all of its issues in one press
349 conference. Please note that the issue we are most concerned with is that of the
350 Date Stamp and the Registrar's stamp which appear to have been imported from
351 unknown outside sources. For if the Date Stamp and the Registrar's stamp which
352 were placed on the document to give it authenticity are fraudulent, then the entire
353 document is fraudulent."

354 = VIDEO 5 END =

355 **MIKE ZULLO** [33:45]: The last part of that video is probably the most important.
356 The fact that the Registrar's Stamp and the Date Stamp giving authenticity to the
357 document is a safety factor. It's to tell the public that this thing is true, it's authentic,
358 and it's official. The fact that that Date Stamp and Registrar's Stamp has been
359 imported from an unknown source, linked and layered in onto the document, and
360 can be moved around in its entirety leaving a white halo tells us that whoever
361 created this document imported that Registrar's Stamp and that Date Stamp, laid it
362 on a white background, and then filled in the green safety paper around it. That is
363 not the way, under any law that I am aware of, you authenticate a document. The
364 document has failed every test we put it through, and I want to also be clear, that
365 you understand, this was just not a bunch of ex-cops and lawyers running these
366 tests. We went outside to experts, graphic experts, forensic document examiners,
367 and ran these tests.

368 [34:55] This is serious. This is very serious. When we realized that that Registrar's
369 Stamp and that Date Stamp were imported the way they were, we notified Sheriff
370 Arpaio immediately, and advised him that we believed we had a forgery.

371 [34:12] Going forward, other information surfaced regarding allegations of Mr.
372 Obama being born abroad and not in Hawaii. Without having this document to rely

373 on, we were now forced to look into some other issues. There was speculation that
374 he was born in Kenya, that's been out there forever. We tried to determine, is there
375 a way for us to find out if that's true. We all know that every document surrounding
376 Mr. Obama's birth is basically sealed, or doesn't exist, or no, we're told something
377 about it. We took an unusual step. We knew back in 1960, 61, any flight coming in
378 from overseas to Hawaii would have been, I believe, Pan Am or TWA, and we tried to
379 see if there was an opportunity for us to get passenger manifests. There wasn't,
380 obviously. They don't exist any longer.

381 [36:07] We reached out to the National Archives and asked them the same question.
382 The National Archives responded and informed us that they didn't have manifests,
383 but what they actually did have was microfilm copies of INS records depicting of
384 every individual coming into the country from overseas. We asked them to copy
385 those records from microfilm onto viewable microfilm rolls for us. They did. I believe
386 we asked for a ten year span of time, 685 rolls, or something to that effect. We
387 asked Mr. Corsi, because he's local in that area, to go down and view those for us.
388 Mr. Corsi went in looking for the month of August, 1961. That is the birthdate of the
389 President. Not the exact birthdate, that is his birth month.

390 [37:01] Mr. Corsi was examining those records. When he got to August 1st, through
391 the day of August 7th, those records disappeared from the microfilm. And they
392 picked up on August 9th? August 8th. And then continued on. We petitioned the
393 Archives and asked them why this occurred, if they had any reason, an explanation.
394 To date, they do not.

395 [37:33] What does that translate to us? We don't know if Stanley Ann Dunham, or
396 Mr. Obama as an infant, was on an airplane coming into the country. We don't know
397 if he was, we don't know if he isn't, and we cannot make that determination. As a
398 result, we still have to entertain information now that he was possibly born abroad.

399 [37:56] Another issue surfaced. And that would be Mr. Obama's Selective Service
400 registration card. There have been months and months of debate over this Selective
401 Service card. We had to take a look at the Selective Service Card. And what you'll
402 see on one of diagrams there, you see a blow-up of the Selective Service Card. What
403 I'm going to do is I'm going to play this short video to show you what we did and

404 how we came to our determination. I'll expound on it a little bit, and then we'll move
405 forward.

406 **= VIDEO 6 START =**

407 [38:39] "Was Barack Obama's Selective Service card really received by the Post
408 Office on July 29, 1980? What exactly is the concern with Barack Obama's Selective
409 Service registration?

410 [38:53] "We reviewed multiple Selective Service Registration cards. These are just
411 four examples. Notice the Date Stamps on all four contain 4 digits for the
412 year/decade marking. This is a copy of the Date Stamp for Barack Obama's original
413 Selective Service Registration card that was made available for public review.

414 [39:15] "These photographs illustrate a standard pica stamp that was used during
415 the 1980's era. The photograph on the upper right shows the pica stamp
416 compartments in stamps that needed to be changed out daily, monthly, and yearly.
417 The picture on the bottom right is an example of a loaded pica stamp.

418 [39:38] "These 5 examples are the expected results from pica stamp used by the
419 United States Post Office. The two examples on the far left are from the same Post
420 Office where Barack Obama supposedly turned in his Selective Service paperwork.
421 Per the United States Post Office, it is policy to use a stamp that contains 4 digits for
422 the year. The stamp below is Mr. Barack Obama's and it contains only two digits for
423 the year. Why?

424 [40:15] "This photograph shows a pica 2008 year stamp and a pica 80's stamp.
425 Since there are no 1980 pica year stamps available, the '2008' was cut between the
426 two '0's and inverted. This inverted cut stamp creates a similar effect which closely
427 resembles the one seen in Barack Obama's Selective Service registration card.

428

429 [40:41] "This illustration shows what the 2008 pica stamp looks like when cut in half
430 and then inverted.

431 [40:51] "In conclusion, as you can see by looking at the side-by-side comparison

432 below, there is a clear difference between the authentic stamp shown on the right
433 and Mr Barack Obama's on the left. Look at the distance between the '0' and the
434 innermost circle of the stamp. Look at the distance to the right of the '0', and
435 beneath the '0'. The reason the numbers '8' and '0' are out of position on Barack
436 Obama's registration card is because when the numbers '08' were cut away from the
437 year '2008' they were not cut squarely. Or perhaps put another way, the person who
438 cut them, cut too close to the '0'. When '08' was turned upside down to become '80'
439 and put back into the pica stamp, it pushed too far to the right.

440 [41:45] "In what is becoming a clear pattern for documents that are essential to the
441 documentation of Obama's life narrative, the Selective Service card isn't just forged
442 -- it's poorly forged."

443 **= VIDEO 6 END =**

444 **MIKE ZULLO** [42:01]: This piece of evidence is extremely disturbing, given the fact
445 that there was no logical reason in 1980 for any Post Office employee to cut a pica
446 Date Stamp. It is one solid piece of rubber, it sits in there for a year. In addition, the
447 pica Date Stamps, the date, the stamp itself, the stamper itself, is no longer
448 manufactured. It was manufactured until about 1980. However, the inserts are still
449 manufactured. But you can't go on the street and buy them. They come from postal
450 supply houses. The only way we were able to get them was under the venue of the
451 Maricopa County Sheriff's Office.

452 [42:44] I personally cut that 2008 stamp in half, put it in, and stamped a white
453 piece of paper. And to my amazement I replicated what was on Mr. Obama's
454 Selective Service Card. That has severe implications that I'm not prepared to speak
455 to you about today. That's troubling.

456 [42:07] Absent of a birth certificate - absent of a legitimate birth certificate - and if
457 you go back to the very beginning when this started. Sheriff Arpaio called it from the
458 very beginning -- "Show me the microfilm".

459 [43:18] We do not have a single document, absent of that birth certificate which we
460 do not believe was ever an authenticated document, that proves Mr. Obama's birth in

461 Hawaii, or anywhere else in the United States for that matter.

462 [43:35] We have to see some more information. We would like to see hospital
463 records. We would like to see microfilm. And let me emphasize, a single roll of
464 microfilm or a single picture of microfilm is not going to be enough. We would want
465 to forensically examine that roll of microfilm. It can be age-tested. We would like to
466 see the documentation that Hawaii has. And we would like cooperation.

467 [44:04] At this juncture, we've advised Sheriff Arpaio that we believe this should be
468 a full-blown criminal investigation because a fraud has been committed in Maricopa
469 County and the State of Arizona. The document is fake. The representations
470 therefore are fake.

471 [44:24] We've asked him for some additional help. We've asked him to provide other
472 resources from the Maricopa County Sheriff's Office. That is under review and
473 consideration by him, and I'm sure he'll have that decision for you shortly. At this
474 point, I would like to conclude and ask Mr. Corsi to step up. He has some information
475 for you as well. Thank you.

476 [44:58] Mr. Corsi just reminded me of another development. It happened quite
477 recently and I do want you all to be aware it's going to be in your press release. We
478 have identified a person of interest in the forgery of the birth certificate. We are not
479 prepared to give you any more information than that. But we have identified an
480 individual. That is also under Sheriff Arpaio's consideration. Thank you.

481 **JEROME CORSI** [45:25]: I'm Jerry Corsi, a reporter with wnd.com. And first, if
482 you'll permit me, I want to express my personal sadness at the passing of Andrew
483 Breitbart, a fellow reporter. I would like express sympathy for Joseph Farah and the
484 entire wnd.com staff. Andrew Breitbart was a courageous friend who we all admired
485 and we greatly miss him. It was very interesting that last night at 5 o'clock, I
486 received a call from Andrew Breitbart's office. They were seeking to interview Sheriff
487 Arpaio. And I arranged an interview with Sheriff Arpaio with Andrew Breitbart, which
488 turns out may have been his last interview. And of course I was honored to be able
489 to do that, of the treasured memory, Sheriff Arpaio gave an early interview and
490 discussion of what we're talking about today to Andrew Breitbart because of the

491 deep respect we have for him.

492 [46:40] My remarks are going to be short. I want to give you some of the
493 background. I was invited in August last year with the Surprise, Arizona Tea Party to
494 give a presentation. The Surprise Tea Party had prepared a petition, some 250
495 signatures were obtained, to go to see Sheriff Arpaio, to under .. to ask him to
496 undertake the investigation. I came with the Tea Party members to a meeting in
497 Sheriff Arpaio's office. The Sheriff told us that he would consider the request and a
498 few weeks later he constituted the Cold Case Posse with the authority to begin the
499 investigation.

500 [47:23] In October, as the investigation began, I came to Maricopa County and
501 spent a weekend - 18 hours - sharing information. I brought all the research I had
502 accumulated on the issues of Barack Obama's birth certificate and eligibility to be
503 President. I can tell you that the investigators were skeptical, not enthusiastic to
504 undertake the investigation, and that I came with a stated determination to find the
505 truth. I was willing, and remain willing, to have been found wrong by the law
506 enforcement investigation on everything I've researched and written about Barack
507 Obama's birth certificate and his eligibility to be President to this point. This is not a
508 politically motivated inquiry. It's an inquiry for truth. That's why I feel privileged to
509 have participated with a dedicated law enforcement team that has been organized
510 by Sheriff Arpaio and the Maricopa County Sheriff's Office.

511 [48:32] The commitment that I made to the Cold Case Posse was that my research,
512 as I continued to develop it, would first be turned over to the Posse and not
513 published even in wnd.com so as not to compromise the investigation. And I've
514 continued to do that. I want to be very clear that I was not present in the dozens of
515 interviews to corroborate information, the additional affidavits and searching that the
516 Posse has done. I participated only when I could contribute or had something to
517 offer. And I participated in none of the deliberative meetings of the Posse. I did not
518 seek to do so. I was not part of the decision making process whatsoever. The role, as
519 a journalist, was involved and I continued to function as a journalist, but since this
520 had developed in a way where the law enforcement investigation was going to take
521 hold, Joseph Farah, the founder and creator of wnd.com made the editorial decision
522 to allow me to continue to work closely with the Cold Case Posse without

523 compromising either our journalistic integrity or intruding upon the law enforcement
524 investigation. We at wnd.com just considered that since a law enforcement group -
525 duly constituted - was going to be looking at the issue, we were honored to have
526 that level of attention and seriousness and we committed ourselves to work with the
527 Cold Case Posse, as we will continue to commit, in the same capacity, to work with
528 Sheriff Arpaio as long as the Sheriff invites us to do so. So, I want to thank you very
529 much. I want to make sure everyone had an opportunity to understand from our
530 point of view exactly what has happened. Thank you very much.

531 **SHERIFF ARPAIO** [50:49]: I'm going to have some closing remarks, but first State
532 Representative Carl Seel, he has to get back on the floor. He's got work to do at the
533 State Legislature, but he may want to say a few words.

534 **CARL SEEL** [51:06]: The information released here today, as the investigators have
535 talked about, is extremely troubling. I stand ready to support Sheriff Joe at the State
536 Legislature, as a great many of my colleagues do. Unfortunately, not a lot of them
537 could be here today. We are in session right now, and I'll be leaving shortly to make
538 sure that I get back in time to cast any important votes. I've had bills, as you know,
539 in the former legislature to deal with this issue. I do have a bill pending to deal with
540 this issue and I trust in light of this new information as it becomes greater and
541 greatly expanded publicly, that it will give new life and new support to the bill I have
542 presented before the legislature currently. Which will help, not only address some of
543 these concerns in front of us, but future concerns, to make sure that in the future we
544 maintain the integrity of our ballot and make sure that any candidate seeking public
545 office meets the criteria that the office they seek, and give the power to government
546 to enforce our Constitution. I feel it incumbent upon me not only as a public official
547 to preserve, protect, and defend the Constitution - as every sworn officer does - I
548 once again commend Sheriff Joe for taking the courage - as he usually does on
549 tough issues - to do the right thing. And I trust, Sheriff Joe, that many of my
550 colleagues will soon join publicly in that. And many of them, I'm sure, will be willing
551 to answer questions from the media.

552 [57:26] So, with that, I do need to depart. I would normally stand ready to answer
553 questions of the media after this, however, I do need to get back to the legislature.
554 So, should you wish to contact my office, I'll be happy to comment on this subject.

555 Thank you, again, Sheriff Joe.

556 **SHERIFF ARPAIO** [52:40]: .. phone number?

557 **CARL SEEL** [52:42]: Yes, my office number is 602-926-3018. Thank you very much.
558 God bless America. Thank you.

559 **SHERIFF ARPAIO** [52:57]: I want to make a couple of closing remarks, if that's
560 possible. You saw the information that was presented. We have a lot of media here.
561 I'm sure some already has, hate to say that, inferred that this investigation is
562 pointless, silly, trite. I hope that maybe you have a change of opinion. I'm talking
563 to the media now.

564 [53:33] If these documents are forged, and we believe as a result of the
565 investigation that there is enough probable cause to say they are, then a crime has
566 been committed. I am not accusing the President of the United States of any crime.
567 We have to further this investigation to determine who, where, when, and why these
568 documents were, we feel, forged.

569 [54:08] My challenge is, where to take these findings? I'm an ex-Federal guy, 30
570 years as a top federal law enforcement official. I know a little about the Federal
571 government. What other governmental entities had jurisdiction over this matter? I
572 have a little concern with that.

573 [54:35] I'm considering asking the Hawaii authorities to look into this, but as my
574 investigators and I feel, will they really do it? Will they do an independent
575 investigation? Fair, honest, professional. I don't know. So where do I go next?
576 Well, we have the United States Congress. Do I ask for a Congressional
577 investigation, bipartisan? We'll have to decide where to go.

578 [55:15] These are two alleged crimes. Forgery and fraud. Those responsible,
579 whoever they are, should be brought to justice. I don't care who they are. If I'm
580 being criticized for enforcing the law on felonies, there's something wrong.

581 [55:42] So the President's name is out there. His birth certificate is out there. I

582 want to find out if there is any forgery or fraud. That's my job, and we're going to
583 pursue it. If nothing else comes out of this investigation today, if it all fails, or in the
584 future, what we have learned -- I think all of us has really learned something over
585 this -- we need a better process to vet people running for President of the United
586 States of America. If nothing else comes out of this.

587 [56:36] I'm very .. I want to thank my professional Posse, you especially, Mike, and
588 we have other expertise. I think you forgot one thing. We have sworn affidavits from
589 many, many people all over the world on this matter. We're just not picking stuff out
590 of the sky that people have been reading over and over again. This investigation is
591 not over. So we're going to continue to do our jobs. I will continue as the elected
592 Sheriff of Maricopa County to do our job and see where it takes us.

593 **MIKE ZULLO** [57:30]: Thank you, Sheriff. I did neglect to tell you about that. We do
594 have sworn, numerous sworn, affidavits of people willing to step forward and tell
595 their truth. We have vetted these people.

596 [57:47] Going back to the overseas birth, I am just going to share one with you. I
597 am not going to give you any names. And I apologize for not doing this sooner. We
598 have a retired government employee who had a conversation in the '80s with Barack
599 Obama in the front yard of the home of the mother of Bill Ayers. You all know Bill
600 Ayers. During that conversation, the mother of Bill Ayers introduced this government
601 employee to Mr. Obama as a foreign student who they were assisting in getting
602 education for in the United States. That also is around the same time frame that the
603 Selective Service card was issued, purportedly issued. This individual is willing to
604 come forward. That takes courage.

605 [58:50] There are too many things in the background that we cannot clear. And what
606 I did tell the Sheriff, I could not come to him and say he cleared a background to be
607 an employee of the Maricopa County Sheriff's Office. There's just too much missing
608 information. We're asking, please fill in the blanks. Help us. This is not where we
609 wanted to go. This is just where it's taking us. And I apologize again for not bringing
610 that to you.

Dear Assistant attorney General Yoshinori Himel

In 2009 US DOJ and I, as an attorney for the plaintiffs in Keyes et al v Bowen, CA Secretary of State, reached an agreement for the US DOJ to provide information under Touhy v Reagan regulation.

Subsequent to signing the stipulation, Judge Kenney, presiding judge in Keyes v Bowen, abruptly dismissed the case, finding that it was moot, as it was filed after the general election. Upon dismissal of the case the Department of Justice sent a letter, stating that the Touhy agreement was moot as well, as the case was dismissed. Currently, a similar case is filed and it will not be dismissed as moot as it was filed in February 2012, full 9 months before the general election.

Today the need for the information requested in the affidavit attached to the Touhy agreement, is even greater and more acute. I am providing for your review transcripts from January 26, 2012 hearing in Farrar v Obama in GA and a transcript of the press conference of Sheriff Joe Arpaio of Maricopa County, AZ.

I represented plaintiffs in Farrar. Seven witnesses and experts attested under the penalty of perjury to multiple signs of forgery in Mr. Obama's long form birth certificate posted by him on WhiteHouse.gov as well as to the fact that the Connecticut Social Security number [REDACTED] used by Mr. Obama in his tax returns and his selective service certificate was never assigned to him. Sheriff Arpaio confirmed the findings presented by me and my experts and witnesses in Farrar v Obama.

Based on all of the above I am renewing my demand for production of records under Touhy v Ragan.

Respectfully

/s/ Dr. Orly Taitz, ESQ

Comes now Plaintiff Dr. Orly Taitz, ESQ, hereinafter "Taitz" and pleads the following

OPPOSITION TO MOTION TO DISMISS

1. In the first section of the motion Defendant Democratic Party of Mississippi boldly asserts "The President was born in the state of Hawaii and thus is a natural born citizen of the United States". Well, just saying so does not make it so. The whole point of the law suit is that this allegation is totally unsupported. Defendants believe that if a lie is told enough times, it will miraculously turn into truth. Candidate Barack Obama (hereinafter "Obama") never provided any court or any election official any admissible competent evidence showing him to be born in this country. Assertion that Obama was born in Hawaii stems from his own claim and from his posting of what he claims to be a copy of his long form birth certificate on line, on the Internet. Nobody ever saw an original document; Obama never submitted any valid certified copy to any court or

election committee. Previously Taitz, Plaintiff herein, submitted a transcript of the administrative proceedings in Atlanta Georgia, where seven witnesses provided admissible, competent testimony, showing that the alleged copy of Obama's birth certificate is a computer generated forgery. They also testified that the Social Security number used by Obama, is fraudulently obtained and represents a number issued in 1977 to another individual, an elderly resident of the State of Connecticut, who was born in 1890. On March 1, 2012, Sheriff Joe Arpaio of Maricopa county, Arizona, held a press conference, where he announced results of a six month investigation, where he confirmed the findings provided by Taitz. Taitz provides herein exhibit 1, an actual Video tape of the January 26, 2012 administrative hearing in Atlanta Georgia and March 1, 2012 press conference by Sheriff Arpaio in Phoenix, Arizona as well as an Affidavit of authenticity.

Additionally, defendant defines the eligibility for the US Presidency to be based only on one's birth in the country without regard to the citizenship one inherited based on the citizenship of his parents. Petitioner asserts that this is an incorrect interpretation of the Article 2 section 1 of the US constitution.

What is the eligibility requirement for the U.S. President?

It is defined in the US Constitution Article 2, section 1, clause 5, which states "No person except a natural born Citizen, or a citizen of the United States, at

the time of the adoption of the Constitution, shall be eligible to the office of the President".

So, based on the Constitution we have two options:

1. a U.S. citizen at the time the Constitution was adopted or
2. natural born U.S. citizen.

Of course, the first provision was written into the Constitution in order to grandfather in the first Presidents, who obviously were born before the creation of the United States of America and were required to be only "citizens" at the time the Constitution was adopted.

The second part relates to all other Presidents, who were born after the adoption of the Constitution. This means that the defendant needs to be a "natural born citizen". The Constitution does not provide a definition of what a natural born citizen is. Such definition needs to be drawn from multiple extraneous sources, available at the time of the adoption of the Constitution. Just as in a recent case of U.S. v Heller 554 U.S.570(2008), where the courts had to deduct the meaning of the Second Amendment right to bear arms from the framers intent; the case at hand requires such reconstruction of the framers' intent. To this extent, this is a case of first impression, as no court ever ruled directly on the point of the meaning of "natural born citizen", as it applies to the U.S. President. The closest the courts

came to the determination of natural born, is in a precedent of Minor v Happersett
88 U.S. 163 (1875)

MINOR V HAPPERSETT

Minor states: "The Constitution does not in words say who shall be natural-born citizens. Resort must be had elsewhere to ascertain that. At common law, with the nomenclature of which the framers of the Constitution were familiar, it was never doubted that all children born in a country of parents who were its citizens became themselves, upon their birth, citizens also. These were natives or natural-born citizens, as distinguished from aliens or foreigners. Some authorities go further and include as citizens children born within the jurisdiction without reference to the citizenship of their parents. As to this class there have been doubts, but never as to the first. For the purposes of this case, it is not necessary to solve these doubts....." *id.* It is common knowledge and described at length in Defendant Obama's Memoirs, such as Dreams from my Father, that Obama's father was a foreigner. Obama Senior was a foreign exchange student who resided in the U.S. for a couple of years while he got his education and he returned to his native Kenya. At the time of Obama's birth, his father, who came from Mombasa, Zanzibar region of Kenya, was a British "protected person". Obama automatically inherited his father's British citizenship upon the British Nationality act of 1948. Upon the declaration of the

Independence of Kenya on December 11, 1963, Barack Obama automatically received his Kenyan citizenship on December 12, 1963. As Obama was around five years old his mother remarried one Lolo Soetoro, Indonesian national. According to Obama's memoirs (Dreams from my Father) and official biography, it is common knowledge that the family immigrated to Indonesia around 1967. Obama's school records from Indonesia show him using last name Soetoro and nationality Indonesian. So, from birth until today, Obama had citizenship of three other countries, he is a son of a foreign national and a step son of another foreign national, therefore not eligible to be considered a natural born U.S. citizen according to the precedent of *Minor v Happersett*.

Wong Kim Ark

The only case law, that seems to contradict *Minor*, is a precedent of U.S. v Wong Kim Ark 169 U.S. 649 (1898). *Wong Kim Ark* is a case, relating to the citizenship of a young man, born to two Chinese permanent residents. Kim Ark moved back to China and sought to return back to the U.S. as a U.S. citizen. *Wong Kim Ark* defined U.S. citizenship based on *jus solis*, based on the place of birth and subject to the jurisdiction of the U.S.

WONG KIM ARK IS NOT A CONTROLLING PRECEDENT

Kim Ark is not a controlling precedent for a number of reasons.

a. Kim Ark dealt only with citizenship in general. It never dealt with the definition of natural born citizenship.

b. Kim Ark never dealt with the issue of the U.S. Presidency and heightened requirements of the natural born status as it relates to the President and Commander-in-Chief.

c. In Kim Ark both parents of the Defendant were permanent U.S. residents, who intended to reside in the U.S. Obama's father was never a permanent resident, at the time of Obama's birth he was in the U.S. on a student visa only, intending to return to Kenya.

d. Kim Ark was not an unanimous decision. Chief Justice Melville Fuller and Associate Justice John Harlan dissented, pointing out that since the Declaration of the Independence, U.S. parted from the British Common Law doctrine of jus solis and followed the international doctrine of jus sanguinis, with offspring inheriting the nationality and allegiance of their fathers.

e. British common law doctrine of jus solis relates to allegiance to the crown, to the sovereign, which of course was abandoned in the U.S. since the adoption of the Constitution.

f. The majority opinion in Kim Ark was drafted by the associate justice Horace Gray, appointee of President Chester Arthur. It was rumored, that Gray's commission and subsequent decision in Kim Ark was done to sanitize Arthur's own lack of eligibility. William Arthur, Chester Arthur's father was an Irish citizen and there is no clear evidence, that he became a U.S. citizen prior to Chester Arthur's birth. Reportedly Chester Arthur burned his identification papers and his eligibility is covered in mystery. Chester Arthur is the only other U.S. President, whose eligibility is questioned. Just because Arthur burned his documents, does not give Obama green light to disrespect the court and the nation and show a contempt to the judiciary and refuse to produce any verifiable documents, any evidence of his natural born status.

Due to all of the above Plaintiffs believe that Kim Ark does not represent a binding authority.

INTENT OF THE FRAMERS

At the time of the adoption of the U.S. Constitution a treatise, most commonly used by the framers, was the Law of Nations by a well known Swiss diplomat and jurist Emer de Vattel. Written in 1758, it was well known to the framers and often used as a template for the U.S. Constitution. Book 1, Chapter 19, part 212 of the Law of Nations says: "The natives, or natural born citizens, are those born in the country, of parents who are citizens". It states "parents" in plural, not at least one parent in singular. Moreover, at the time of the adoption of the Constitution, the controlling citizenship was one of a father and Obama's father was never a U.S. citizen. The framers knew the meaning of natural born and that might be the reason, why there is no definition in the Constitution. Based on Vattel and Minor Obama does not qualify as a natural born, due to his foreign citizenship and foreign allegiance at birth.

One of the framers of the Constitution, first Chief Justice of the Supreme Court, John Jay, wrote in his well known July 25, 1787 letter to George Washington: 'Permit me to hint, whether it would be wise and reasonable to provide a strong check to admission of foreigners into the administration of the National government; and to declare expressly that the Commander-in-Chief of the American Army shall not be given to, nor devolve on any but a natural born citizen.'(the Federalist Papers Alexander Hamilton, James Madison and John Jay.

Bantam Dell 2003) Clearly Jay's construction of natural born clause was- one without allegiance to foreign nations, which disqualifies Obama.

Lastly, during the Congressional debate on the 14th amendment John A. Bingham, framer of the 14th Amendment defined the natural born citizen as follows "every human being born within the jurisdiction of the United States not owing allegiance to any foreign sovereignty". As at the time of Obama's birth, his father owed allegiance to a foreign nation, Obama does not qualify as natural born citizen according to Bingham's construction.

Based on the above precedent of Minor and definitions provided by the framers of the Constitution natural born citizen, is one born in the country to parents, who don't owe allegiance to foreign sovereignties. Since at the time of Obama's birth his father owed allegiance to the British crown, Obama does not qualify as a natural born citizen.

Due to the above section one of the motion is an unsupported assertion with no value.

2. Section two of the Motion states that this legal action should be dismissed because the petitioner is a resident of California and not a qualified elector in Mississippi. This argument is entirely without merit, as Taitz is suing based on

code 23-15-951 and 23-15-961, which does not state anywhere that the Plaintiff has to be a qualified elector in Mississippi.

MISSISSIPPI CODE OF 1972

As Amended

SEC. 23-15-961. Exclusive procedures for contesting qualifications of candidate for primary election; exceptions.

(1) Any person desiring to contest the qualifications of another person as a candidate for nomination in a political party primary election shall file a petition specifically setting forth the grounds of the challenge (emphasis added)

If a statute is not ambiguous, the court should apply the plain meaning of the statute. Ultimately, however, this Court's goal is to discern the legislative intent. *Mississippi Power Co. v. Jones*, 369 So.2d 1381, 1388 (Miss.1979). The wisdom of this statute is precisely in the point that a party, who might be residing in another state might have knowledge of facts leading to disqualification of the candidate. This statute provides for maximum transparency and maximum protection for the people of Mississippi and the nation as a whole from elections fraud and usurpation of the Presidency. Elections represent the most sacred right of American citizens, the most important form of protected speech. Elections won by

fraud and using forged identification papers rob every citizen of Mississippi and of every state of their right of meaningful free speech, which is reflected in presidential elections. That is why above statute allows every petitioner, be it an elector in Mississippi or other state to come forward and provide evidence. Citizens of the state of Mississippi simply happen to be more fortunate in that their code gives them even more protection in that according to 23-15-951 a petition sent to the Executive Committee of a party can be adjudicated by a Circuit Court judge. Citizens of other states are not as fortunate. Taitz provides the court with Exhibit 2, a videotape of the hearing on Obama's eligibility before the Ballot Law Commission of the state of New Hampshire, where the chairman of the commission stated that they do not have the power to investigate, subpoena and verify eligibility of the candidate. Chairman of the New Hampshire Ballot Law commission specifically inquired if any judge in any state established lack eligibility of the candidate. State of Mississippi specifically gives the Circuit judge a right and a duty to hear the evidence presented and to establish the eligibility and remove from the ballot a candidate, deemed not to be eligible.

23-15-961

(5) Upon the filing of the petition and bond, the circuit clerk shall immediately, by registered letter or by telegraph or by telephone, or personally, notify the Chief Justice of the Supreme Court, or in his absence, or disability, some other judge of

the Supreme Court, who shall forthwith designate and notify from the list provided in Section 23-15-951 a circuit judge or chancellor of a district other than that which embraces the district, subdistrict, county or any of the counties, involved in the contest or complaint, to proceed to the county in which the contest or complaint has been filed to hear and determine the contest or complaint. It shall be the official duty of the circuit judge or chancellor to proceed to the discharge of the designated duty at the earliest possible date to be fixed by the judge or chancellor and of which the contestant and contestee shall have reasonable notice. The contestant and contestee are to be served in a reasonable manner as the judge or chancellor may direct, in response to which notice the contestee shall promptly file his answer, and also his cross-complaint if he has a cross-complaint. The hearing before the circuit court shall be de novo. The matter shall be tried to the circuit judge, without a jury. After hearing the evidence, the circuit judge shall determine whether the candidate whose qualifications have been challenged is legally qualified to have his name placed upon the ballot in question. The circuit judge may, upon disqualification of any such candidate, order that such candidate shall bear the court costs of the proceedings."

So, there is a statutory right of any individual, who filed a contest of eligibility of a candidate and who was aggrieved by a negative response or lack of action by the

political party, to file a legal action with the Circuit court and seek a redress according to the statute.

3. Section 3 of the motion claims that Plaintiff is not different from any other citizen. Plaintiff begs to differ. Taitz has a colorable interest in the above captioned proceedings, in that she is in a unique position of being deemed by the media the leader of the "birther" movement or as media christened her, "The Queen of the Birthers". As a leader of the dissident political movement against Barack Obama, who is currently usurping the U.S. Presidency and seeking four more years of usurpation, she was subjected to indescribable barrage of harassment, intimidation, attacks on her, her husband, her three children, tampering with her car and defamation and slander. By seeking to redress this elections fraud, she is also seeking a relief of persecutions against her as the leader of the dissident movement.

While other states do not grant ordinary citizens a right for such redress of grievances, the state of Mississippi provides it and Taitz properly filed the grievance.

4. Section four asserts that the definition of natural born citizen means only born in the country regardless of the citizenship of the parents. Taitz already covered this point in section1. Defendant mentioned only one case, where court came to such conclusion, Ankeny v Governor of Indiana, however it is noteworthy, that this

case came from the state court in Indiana, it is not a controlling authority in any other state and the plaintiffs in this case were two blue color workers, who did not have an attorney, never presented any legal argument in their case and the court simply provided a one sided opinion.

Defense also listed a number of cases, which were filed after the 2008 election, where all of the cases were dismissed based on a technicality, on standing, where the courts did not want to upset the results of the national election.

Not one of these cases was ever decided on the merits.

Not one single judge around the country saw a valid birth certificate for Obama.

Not one single judge in the country stated: I examined Obama's identification papers and he has a valid birth certificate, not one single judge stated that he has a valid Social Security number. None of these documents were ever presented in any court of law. On the contrary, all of the admissible competent evidence shows Obama's identification papers to be forged.

Additionally, defense wants the court to look at some garbage posted by Obama on line, on the Internet, and deem it to be a true and correct certified copy of Obama's birth certificate, even though it is deemed to be a forgery by Sheriff Arpaio, deportation officer Sampson and other experts.

Even if no expert were to find this "document" to be a forgery, it is still not a valid document, something posted on line is not an admissible, competent evidence.

The arrogance and disrespect of the rule of law, disrespect of this court by Obama, by the Executive Committee of the Democratic party of Mississippi and their attorney is simply breathtaking. Clearly, they know that something posted on line, on the Internet, does not represent a document, does not represent competent, admissible evidence, as it is not authenticated.

5. Defendant claims that the Democratic party and the Secretary of State do not have a statutory duty to determine candidate's qualifications.

a. In regards to the Democratic party section 23-15-961 requires a political party to review the petition and within 10 days to rule on the petition. Even though the statute does not state specific words "determine qualifications" any person with an average IQ, with an average intelligence or even minimum intelligence can understand that when a party is statutory obligated to rule on the petition contesting qualifications of a candidate for primary election, that means that the party is obligated to rule, whether the candidate is eligible, whether the candidate has proper constitutional qualifications to serve in the office.

MISSISSIPPI CODE OF 1972

As Amended

SEC. 23-15-961. Exclusive procedures for contesting qualifications of candidate for primary election; exceptions.

(1) Any person desiring to contest the qualifications of another person as a candidate for nomination in a political party primary election shall file a petition specifically setting forth the grounds of the challenge within ten (10) days after the qualifying deadline for the office in question. Such petition shall be filed with the executive committee with whom the candidate in question qualified.

(2) Within ten (10) days of receipt of the petition described above, the appropriate executive committee shall meet and rule upon the petition. At least two (2) days before the hearing to consider the petition, the appropriate executive committee shall give notice to both the petitioner and the contested candidate of the time and place of the hearing on the petition. Each party shall be given an opportunity to be heard at such meeting and present evidence in support of his position.

(3) If the appropriate executive committee fails to rule upon the petition within the time required above, such inaction shall be interpreted as a denial of the request for relief contained in the petition.

(4) Any party aggrieved by the action or inaction of the appropriate executive committee may file a petition for judicial review to the circuit court of the county in which the executive committee whose decision is being reviewed sits. Such petition must be filed no later than fifteen (15) days after the date the petition was originally filed with the appropriate executive committee. Such person filing for

judicial review shall give a cost bond in the sum of Three Hundred Dollars (\$300.00) with two (2) or more sufficient sureties conditioned to pay all costs in case his petition be dismissed, and an additional bond may be required, by the court, if necessary, at any subsequent stage of the proceedings.

(5) Upon the filing of the petition and bond, the circuit clerk shall immediately, by registered letter or by telegraph or by telephone, or personally, notify the Chief Justice of the Supreme Court...

b. In regards to the Secretary of State, Mr. Begley seems to be under impression that he represents the Secretary of State. In case Mr. Begley was not informed, he does not represent the Secretary of State of Mississippi and he has no standing to argue on behalf of the Secretary of State. Secretary of State is represented by the Attorney General of the State of Mississippi. Taitz already responded to the motion filed by the Attorney General and it would be redundant and unnecessary for her to argue this point again.

Suffice to state that the Secretary of State took an oath of office to uphold the Constitution of the United States and of the State of Mississippi and therefore the Secretary of State cannot place on the ballot and certify a candidate, who does not have constitutional qualifications.

Additionally, at this point Taitz is not asking the Democratic Party or the Secretary of State to do anything. She is asking the court to weigh the evidence and ascertain qualifications based on Statute 23-15-961 "The matter shall be tried to the circuit judge, without a jury. After hearing the evidence, the circuit judge shall determine whether the candidate whose qualifications have been challenged is legally qualified to have his name placed upon the ballot in question. The circuit judge may, upon disqualification of any such candidate, order that such candidate shall bear the court costs of the proceedings."

6. In section 6 defense attempts to bring as evidence a California case Keyes v Bowen, Cal. App 4th 647, 117 Cal Rptr.3.d 207(Cal. App 3 Dist2010).

a. Petitioner Taitz was the lead attorney in this case, as it was filed in the Superior court, she can attest that Keyes is vastly different from the case at hand, as it was filed after the election and standing after the election is different. Additionally, in Keyes parties were hampered by the fact that the co-counsel on the case, attorney Gary Kleep, left the state around the time when the case was supposed to be filed, and the clients wanted to wait for Kleep to come back. Kleep came back two weeks later and rescheduled the case for three months later, at which time the Superior court dismissed the case in part due to laches. After this incident Taitz no longer worked with Kleep and the case at hand was filed timely before the election.

b. While California is not a controlling authority in Mississippi, since the defense is so inclined on bringing forward California cases, Taitz brings forward Cleaver v Jordan. In 1968, the California Supreme Court voted 6-1 that a presidential candidate who is not eligible to be president should not be placed on the ballot. Cleaver v Jordan, Calif. Supreme Court minutes, Sep. 26, 1968, case no. 7838, not reported. In Cleaver, a Presidential candidate from Peace and Freedom Party, Eldridge Cleaver, was removed from the ballot by the Secretary of State of California, Frank Jordan, when Jordan acted in according with his oath of office to uphold the US Constitution, specifically Article 2, section 1, as Cleaver was 34 years old and not eligible. Cleaver appealed to the Supreme Court of California. Supreme court of California affirmed the decision of the Secretary of State of California. Cleaver appealed to the Supreme Court of the United States, where the Supreme Court declined to take the case certiorari. Therefore the only comparable precedent from California support the position of the Plaintiff.

7. Seventh section of the motion states the most preposterous assertion that the state courts do not have jurisdiction over qualification for Candidates for President.

Clearly Obama and the Democratic party would love this to be the case, as Obama clearly has no qualifications, he got in the office by fraud and the

federal courts are now in his hands, while the state courts retained some independence.

This notion is totally contradictory to the clear language of the statute. 23-15-961 clearly states "The matter shall be tried to the circuit judge, without a jury. After hearing the evidence, the circuit judge shall determine whether the candidate whose qualifications have been challenged is legally qualified to have his name placed upon the ballot in question. The circuit judge may, upon disqualification of any such candidate, order that such candidate shall bear the court costs of the proceedings." If a statute is not ambiguous, the court should apply the plain meaning of the statute. Ultimately, however, this Court's goal is to discern the legislative intent. *Mississippi Power Co. v. Jones*, 369 So.2d 1381, 1388 (Miss.1979). The statute does not exclude the Presidential candidate and the plain meaning of the statute and the legislative intent is crystal clear: for the Circuit judge to determine the qualifications of the candidate.

Moreover 23-15-961 subsection 7 states "(7) The procedure set forth above shall **be the sole and only manner** in which the qualifications of a candidate seeking public office as a party nominee may be challenged prior to the time of his nomination or election." Section 7 makes the intent of the legislature a clear writing on the wall, which even a blind person can read. The sole and only manner

to ascertain the qualifications of the candidate, is by the circuit judge and not by legislature or electors.

This intent of the legislature is reasonable as a Circuit Judge has a subpoena power to seek evidence, he can ascertain authenticity of the evidence presented and rule on the merits. Electors and legislators are not judges and do not have the training and qualifications to evaluate the evidence. Additionally, Taitz received letters from multiple legislators, who stated that they cannot get involved in the case due to a notion of separation of powers. Attached as an exhibit 3 is a January 13, 2010 letter received by Taitz from Senator McCain, who challenged Obama in the general election in 2008. McCain wrote "Dear Orly, I want to take an opportunity to thank you for your letter of January 8, 2010 regarding a judicial matter.

Unfortunately, your situation appears to involve litigation or may require litigation under the judicial system. Members of Congress are precluded from inquiring into matters pending before the courts by provision of the Constitution that mandate a separation of powers between the Judicial, Executive and Legislative branches. I feel that any involvement in your present situation may be viewed as interference in the judicial process. Orly, I am sorry that I cannot be of assistance at this time".

Taitz received similar letters from other Congressmen and Senators, who stated that this is a legal matter and separation of powers precludes them from being able to get involved.

8. The eighths section of the motion is similar to one already discussed in response to the motion by the Secretary of State. It is a pinnacle of bad faith and arrogance for the Democratic party to simply ignore the petition, which was sent to them three times, drag their feet and not respond and later blame the petitioner. As the Executive committee kept stating that they did not receive the pleadings or could not find the pleadings, Taitz gave them maximum time to respond and filed her complaint with the Circuit court timely.

Additionally, filing is determined by mail box rule and not by docketing. There appears to be a 8-9 day delay between filing documents as they are mailed in California and arrival of the documents and docketing in Mississippi. As an example Taitz points to exhibit 4- certified mail receipts and tracking. Just recently, on March 5, 2012 she sent by Priority certified mail pleadings to both New Albany and Jackson, MS. The package arrived in New Albany on the fifth day and in Jackson sorting facility on the eighth's day, on March 13, 2012. It shows 8-9 days delay between filing the documents by mail in California and those documents being received in the Circuit Court in Jackson, MS. Additionally , there is only one mail room for the Circuit court, County Court and Sheriff's department, which delays the receipt by the clerk of the Circuit court and docketing even further. This Court has long viewed statutes of repose with disfavor, and, in the event of any ambiguity, we place upon such statutes a

reasonable construction which will favor the preservation of the action. *Gentry v. Wallace*, 606 So.2d 1117, 1122 (Miss.1992). Therefore the preservation of the action should favor the Plaintiff and take into account delay in receipt of shipment from California. Moreover,

Under Rule 6(b), the court is given wide discretion to enlarge the various time periods both before and after the actual termination of the allotted time, certain enumerated cases being expected. *Accord*, e. g., *Rogers v. Rogers*, 290 So.2d 631 (Miss.), *cert. denied* 419 U.S. 837 [95 S. Ct. 65, 42 L.Ed.2d 64] (1974); *Grand Lodge Colored K.P. v. Yelvington*, 111 Miss. 352, 71 So. 576 (1916). Petitioner is asking the court to take into consideration the time it took to deliver the pleadings and enlarge the time under Rule 6(b) of MRCP.

OPPOSITION TO MOTION FOR SANCTIONS

Motion for sanctions is completely frivolous

Taitz was fully vindicated by the recent findings of Sheriff Joe Arpaio of Maricopa county Arizona, who during March 1, 2012 press conference confirmed Taitz findings in that Obama's alleged copy of his long form birth certificate is a forgery, so there was nothing frivolous in Taitz filing.

Defendants bring forward one case, where a judge Clay D. Land in Middle district of Georgia simply tried to intimidate Taitz and tried to send a message to other attorneys not to dare to challenge Obama.

While Judge Land did not succeed in intimidating Taitz and she was recently vindicated, some serious questions remain about actions by judge Land.

With her complaint in Cook v Good, 8:09-01382-RAJ-EAJon behalf of Major Cook, later joined by other high ranking officers, Taitz presented evidence showing Obama not having a valid Social Security number. This evidence was contained in the report by a licensed investigator and former elite Scotland Yard anti-organized crime and anti communist proliferation officer Neil Sankey. Exhibit 6.

Judge Land sealed the report, whereby the report is not available to the public at large. There is a serious question, as to why Judge Land sealed that report.

According to Barack Obama's memoirs from age 10 to age 19 he resided in Hawaii. At the age of 15 he found his first job in Hawaii. He worked for Baskin Robbins. According to Obama's official history he should have had a Hawaiian Social Security number, meaning that the first 3 digits of the Social Security number were supposed to be the digits, the number assigned to Hawaii. According to Sankey report, as well as Daniels Report (Exhibit 5, 6) Obama never had a

Social Security number from the state of Hawaii. For most of his life in his official documents he used a Connecticut Social Security number [REDACTED], which was issued in 1977 to an elderly resident of Connecticut born in 1890. What's more, according to Sankey and Daniels, national databases, such as Lexis Nexis, Choice Point and others show Obama's name connected to other Social Security numbers from other states, obviously not assigned to him legally.

In the national databases one can see a pattern of Obama's name linked to Social Security numbers of deceased individuals, numbers that were never assigned and numbers borrowed from other individuals.

It is extremely troubling that Clay D. Land, a federal judge, attempted to burry this information and attempted to attack Taitz with sanctions.

Why those Social Security numbers are important?

a. According to national databases the Number below was used by Obama in New Jersey. This number belonged to one Lucille Ballantyne. What is significant about Ballantyne, is that she was the mother of Harry Ballantyne, chief actuary of the Social Security Administration, who had access of all the Social Security indices and databases. Taitz actually found Ballantyne and discussed the matter with him. Ballantyne's first reaction and statement was: "they (deceased) have no rights, dead people have no rights".

Any individual, who finds out that someone is using the Social Security number of his dead parent, would be outraged. Ballantyne's response showed that he knew what was going on and was not troubled by it. This shows that our Social Security databases might be seriously compromised.

Why is this information important?

Here we are connecting the dots. Barack Obama's father had eight children by four
different women.

Mark Obama Ndesandjo is Obama's half brother, who at the time of the record resided in the communist China, being married to a citizen of the communist China.

Mark Ndesandjo is the son of Obama's step mother Ruth Nieldsand. Official biography of Nieldsand only show that she met Obama's father in Boston, where he studied, she married him and moved with him to Kenya.

Official biographies rarely mention the fact that that Nieldsand and her family came from Vilnius, Lithuania, which was a Communist republic at a time.

Even after the divorce from Obama, Nieldsand continued residing in Kenya, which is ruled by Prime Minister Raela Odinga.

In flagrant violation of Logan act Barack Obama himself travelled to Kenya to assist Odinga get elected.

Raela Odinga is not only a radical Muslim, known for instigation of violence against Christians in Kenya, which led to Christians being burned alive in churches, he is also a graduate of the University of Karl Marx, which was known at a time for its' heavy recruitment of foreign students by Stasy and other agencies of communist East Germany.

Nieldsand's other son, David, was reported deceased as a result of a car accident.

Another national database, www.inteligator.com/advanced shows Barack Obama with the origin in Equatorial Guinea (exhibit 7). Taitz uncovered articles showing one by name Roman Obama studying in the early 80s in the University of Patrice Lumumba in Moscow and having the same origin of Equatorial Guinea. Taitz also found inconsistency of University records of Obama, whereby Obama claims that he attended Columbia university for two years, while college clearing house show him attending Columbia only for nine months. There is no conclusive evidence, showing Obama's location at a time, when he claimed to be at Columbia University, but according to their records he wasn't there.

d. What is even more troubling, is the address in Columbus GA, in Judge Land's own backyard. Taitz received reports, stating that the number below is connected to Judge Land, however being a private citizen and not a governmental authority Taitz cannot confirm it and she redacted the name that was reported to her.

So, what do those Social security numbers mean? During the 2008 campaign Obama raised an unprecedented 700 million dollars and opted out of FEC matching program, which shielded him from the FEC scrutiny. When one is using multiple bogus Social security numbers, he can easily get millions of dollars of illegal foreign donations or donations over the allowed limits under the radar of FEC, IRS and SSA.

Additionally, Obama's professional background is one of a community organizer. What does that mean? As a community organizer Obama headed Annenberg challenge with former domestic terrorist William Ayers on his board. Annenberg challenge received some 160 million in donations officially and possibly as much as 500 million due to stock swaps according to University of Santa Barbara Professor Steven Diamond. This community program was supposed to run some extracurricular program in a few Chicago schools in order to raise students performance. After six years and between 160 million and 500 million there was zero achievement and the students performance was as dismal as one in surrounding schools. The question was, what happened to all of the money collected? When one has multiple bogus Social Security numbers, there are multiple possibilities.

So in case of federal judge Clay D. Land, who sanctioned Taitz stating that it was frivolous to challenge Obama, not only Taitz proved that her actions were legitimate, as all of her allegations were recently confirmed by Sheriff Arpaio, she showed here that there is a serious question in regards to motivation and legitimacy of actions by judge Clay d. Land.

MOTION FOR SANCTIONS AGAINST THE DEFENDANT
DEMOCRATIC PARTY OF MISSISSIPPI

1. Democratic party of Mississippi received from Taitz a complaint and sworn affidavits, showing that Obama is using a forged birth certificate, a stolen Connecticut Social Security number and a name that is not legally his.
2. Democratic party defrauded the people of the state of Mississippi by not taking any action and not removing Obama's name from the list of the candidates it submitted to the Secretary of State

2 JUDGE MALIHI: Counsel, would you introduce
3 yourself and your client, please?

4 MS. TAITZ: Yes. Orly Taitz and I'm representing
5 five clients -- Mr. David Farrar, who is in the courtroom.

6 MR. FARRAR: Good morning, sir.

7 MS. TAITZ: Ms. Leah Lax, Ms. Laurie Roth, Mr.
8 Thomas Malaren and Mr. Cody Robert Judy.

9 JUDGE MALIHI: Counsel, before you start, I'm
10 going to give you two hours maximum, we will conclude at
11 12:15.

12 MS. TAITZ: Thank you, Your Honor.

13 JUDGE MALIHI: And if you can do it a little bit
14 faster, I would appreciate it.

15 MS. TAITZ: I'll do my best.

16 JUDGE MALIHI: Thank you.

17 MS. TAITZ: Mr. Farrar, please.

18 Just a quick introduction. Please provide for the

22 THE REPORTER: Wait. Got to swear the witness.
23 Whereupon,

24 DAVID FARRAR

25 appeared as a witness herein and, having been first duly

2 DIRECT EXAMINATION

3 BY MS. TAITZ:

4 Q Are you a registered voter in the State of
5 Georgia?

6 A Yes, ma'am.

7 MS. TAITZ: That's it, you're excused.

8 JUDGE MALIHI: Thank you very much.

9 Counsel, hold on, hold on. What is this
10 (indicating)?

11 (Witness excused.)

12 MS. TAITZ: This is a clip from the news, just
13 showing that when Mr. Obama resided in Indonesia, it shows a
14 book of records from Indonesia showing his last name in the
15 school book of records listed as Soetoro and nationality
16 Indonesian, not U.S. citizen.

17 JUDGE MALIHI: I don't need to see the video.

18 MS. TAITZ: That's it.

19 JUDGE MALIHI: Okay.

20 MS. TAITZ: Can we go back a little bit?

21 JUDGE MALIHI: Counsel, I don't see how that's
22 relevant to the issue before me.

23 MS. TAITZ: Well, in order for one -- first of
24 all, in order for one to be on the ballot in the State of
25 Georgia, he needs to be under a name that is legally his.

Page 6

1 JUDGE MALIHI: You can argue that to me, but I
2 don't need to see the video.

3 MS. TAITZ: Okay, go to the next one.

4 JUDGE MALIHI: What's the next one?

5 MS. TAITZ: Okay, so -- okay, so, it states that
6 he was registered in the book of records in the school in
7 Indonesia where she's staying, which was Basuki school in
8 Jakarta, Indonesia under last name Soetoro. Next.

9 I will not go into detail -- okay, let's stop here
10 -- I will not go into detail into the issue of what natural-
11 born citizen is because we have limited time, a prior
12 counsel already stated this.

13 JUDGE MALIHI: Counsel, please address the Court,
14 not the audience.

15 MS. TAITZ: And I will be using the same precedent
16 of *Minor v. Happersett* and I would also state that since the
17 Constitution was adopted, the legal treatise that was
18 commonly used by the framers of the Constitution was Emerich
19 de Vattel, a well-known --

20 JUDGE MALIHI: Counsel, are you arguing or are you
21 testifying?

22 MS. TAITZ: That's my opening statement.

23 JUDGE MALIHI: Okay, please step up to the podium.

24 MS. TAITZ: Emerich de Vattel, who was a well-
25 known scholar and constitutionalist and diplomat stating

Page 7

1 that natural-born citizen -- and it was a legal treatise
2 that existed at the time the Constitution was adopted --
3 stating "natural-born citizen is one born in the country to
4 parents who are citizens of the country."

5 The first Justice of the Supreme Court of the
6 United States, John Jay, a well-known letter that was
7 included in Federalist Letters, stated to George Washington
8 -- permit me to hint that it is important for the commander
9 in chief to be a natural born-citizen, not to have a
10 foreigner.

11 Lastly, there was a question in regards to the
12 14th Amendment. And John Bingham, who was the framer of the
13 14th Amendment, in the discussions in Congress relating to
14 the adoption of the 14th Amendment, specifically stated
15 natural-born citizen is one who is born in the country to
16 parents who don't owe allegiance to other sovereignties.

17 As we know, when Mr. Obama was born, his father
18 was a citizen -- actually a British citizen because in 1961,
19 Kenya was part of --

20 JUDGE MALIHI: Counsel, let me stop you.

21 Would you save your argument for the closing and
22 let me hear from your witnesses. Your second witness,
23 please.

24 MS. TAITZ: Okay, Mr. Strunk.

25 JUDGE MALIHI: Good morning, sir.

Page 8

1 MR. STRUNK: Good morning, Your Honor.

2 Whereupon,

3 CHRISTOPHER STRUNK

4 appeared as a witness herein and, having been first duly
5 sworn, was examined and testified as follows:

7 BY MS. TAITZ:

8 Q Mr. Strunk, do you recognize this document?

9 A My name is Christopher Earl Strunk and I'm from
10 New York. I'd like to vote in Georgia, but it's not
11 possible this year.

12 Q I'm just asking, do you recognize this document?

13 A Yes, that is a portion of a letter which I
14 received from the attorney for the Department of State, U.S.
15 Department of State.

16 MS. TAITZ: Keep going, keep going, keep going,
17 further, more, more, more -- stop.

18 BY MS. TAITZ:

19 Q Okay, so now what is this document? Is that the
20 passport record of Stanley Ann Dunham, Mr. Obama's mother,
21 yes?

22 A This is a renewal form.

23 Q Okay.

24 A Taking him off of her passport.

25 Q Yes. What is the last name that is listed there?

Page 9

1 Can you please read the full last name for Mr. Obama on his

3 A Soebarkah, S-o-e-b-a-r-k-a-h.

4 Q So in his mother's passport records, Mr. Obama is
5 listed under last name Soebarkah, according to the records
6 that you personally received from the State Department,
7 right?

8 A I can't draw a conclusion on that.

9 Q Okay, but that's what is written there, Soebarkah,
10 right?

11 A Yes. She wanted that expunged from her record --

12 Q Passport.

13 A -- which we never got. It was delegated (ph.)

14 MS. TAITZ: Okay, thank you, Mr. Strunk.

15 JUDGE MALIHI: You may step down, sir; thank you.

16 (Witness excused.)

17 MS. TAITZ: Next is going to be -- and we're going
18 to submit into evidence the records -- Freedom of
19 Information request and response that was received by Mr.
20 Strunk from the State Department showing that in his
21 mother's record, Mr. Obama was listed --

22 JUDGE MALIHI: Counsel, you don't need to tell me
